

CHARTERED CLUBS

PREAMBLE

1.0 The Recreation Centers of Sun City West, Inc. (hereinafter referred to as the Association) was formed under the laws of the State of Arizona as a non-profit corporation for the purpose of owning, operating, and maintaining facilities which enhance the recreational, social and leisure interests of its membership. The Association has been classified as 501 (c)(4) by the Internal Revenue Service. The Association's Governing Documents are:

Articles of Incorporation

Bylaws

Policy Statements

Facility Agreement

Declaration of Covenants, Conditions and Restrictions (CC&Rs) recorded against the properties, and

Rules, Regulations and Procedures for Chartered Clubs

(hereinafter referred to as the RR&Ps) and as amended or supplemented from time-to-time.

Section VI of the Association Bylaws, the RR&Ps and the Policy statements provide general guidelines for the establishment and operation of Chartered Clubs.

1.1 A Chartered Club is a group of Recreation Centers Card Holders, who have joined together in the pursuit of a particular recreational, social or leisure interest. Chartered Clubs are sponsored by the Association and are required to comply with the RR&Ps established by the Association. Club Officers and Club Board members are obliged to comply with the letter, spirit and intent of the Rules, Regulations and Procedures. The Chartered Clubs are granted certain priorities for the use of the facilities and are not required to pay rental fees for space that is assigned for regular Club activities. They are also provided maintenance support, insurance coverage, and administrative assistance and guidance.

1.2 The Chartered Clubs must comply with the: (1) Internal Revenue Tax Exempt Code 501 (c)(4) that governs the Association and (2) any other Tax Exempt Codes applicable to a particular Club. Therefore, all Clubs must have as a purpose recreational, social or leisure activities. Any profit must be incidental and shall not be part of the Club's objective. Furthermore, Club members may not use the facilities for any personal financial gain.

- 1.3 Chartered Clubs shall not endorse or support causes/propositions or candidates for elective office, other than their own, internal elections. Solicitation of signatures, campaigning, endorsing, passing of election literature, addressing the members, or any other non-Club election activity is prohibited during Club meetings and functions. Outside the Club environment, Chartered Club members, as individuals, are free to support any cause or candidate of their choosing.
*Chartered Club members, as individuals, are free to support any cause or candidate of their choosing.
- 1.4 The General Manager may recommend to the Governing Board suitable sanctions up to and including revocation of the Charter of any Club that violates the provisions of the RR&Ps or fails to comply with stipulations of the applicable Arizona and Internal Revenue Tax Exempt Codes.
- 1.5 “The General Manager has the authority to impose a late fee when Clubs fail to submit required reports by the established due date. Additional sanctions including temporary closure of a Club’s facilities may be imposed by the General Manager for successive violations.”
- 1.6 Waivers
 - a. Any Club which cannot reasonably comply with any part of these RR&Ps may request, in writing, an exemption from the Governing Board.
 - b. The Club will first present the proposed waiver to its members, where it must be approved by a vote as provided for in the Club’s Bylaws.
 - c. The Club President shall forward the proposed waiver, along with a letter of explanation, to the Association’s General Manager.
 - d. The General Manager shall analyze the request, using input from his staff and the Chartered Club committee, and then forward the proposed waiver to the Governing Board with the recommendation for action.
 - e. The Governing Board will place the request on the agenda for its next regularly scheduled open meeting. The Secretary of the Governing Board will present a motion to grant the proposed waiver, after which it will be publicly discussed.
 - f. After any Board action, the Secretary of the Governing Board will inform the requesting Club of the results.

Chapter 1

General Information

1. Authority: The General Manager has the exclusive right to grant a charter for a new “Chartered Club.” All the RR&Ps contained herein are based upon Section VI of the Association’s Bylaws and the Articles of Incorporation.

2. Responsibilities:
 - a. The Association’s Recreation Activities Manager and staff are responsible for coordinating and implementing the RR&Ps for Chartered Clubs, allocating facility space, and assisting the Clubs with operational/ financial concerns.

 - b. The Recreation Activities Manager is responsible for assisting Clubs with facility scheduling, special programs, and Club business. The Recreation Activities Manager is the focal point for coordinating all Club and recreation matters.

 - c. The Chartered Club Committee serves as an advisor to the General Manager and the Governing Board. At the request of the Governing Board or the General Manager, the Committee will serve as liaison, investigate and make recommendations regarding Chartered Clubs’ administrative, personnel, financial, or facility usage matters. The committee will investigate and make recommendations for updating and changing the RR&Ps. This Committee, in conjunction with the Properties Committee, may review requests the General Manager receives for additions or modifications to Club facilities.

 - d. The Club’s Board members are elected in accordance with the Club’s Bylaws. The Board is responsible for the Club’s internal operations. It is the responsibility of the outgoing Board to ensure that the succeeding Board is thoroughly briefed on all aspects of the RR&Ps for Chartered Clubs.

 - e. The newly elected and/or appointed officers and Directors shall, within fourteen (14) business days of taking office, sign and forward Form CR-5 to the office of the Recreation Activities Manager, acknowledging that the RR&Ps and the Club’s Bylaws were read and understood.

3. Prerequisite for Club Formation: Specific procedures and guidelines pertaining to the acquisition of a Club Charter are identified in Chapter two (2). Applications will be considered only when a non-craft Club has 75 paid-up, first-year members, or when a craft Club has 50 paid-up, first-year members. Once a Charter has been granted, the active paid-up membership must remain at or above the minimum. As long as an existing Club maintains a membership rate of not less than 80 percent of the required membership. (e.g., 60 paid-up members for a non-craft Club requiring 75 paid-up members), it will continue to retain its Charter. Clubs below this minimum will be notified and the Recreation Activities Manager will assist these Clubs in their efforts to bring their membership up to minimum level. If the membership continues below the minimum level, the General Manager may recommend to the Governing Board that their Charter be withdrawn.
4. Allocation of Facility Space: The allocation of space for Chartered Club usage is determined by Association Policy Fa 6 and is dependent on:
 - a. Effective utilization of available space
 - b. Active participation by its members
 - c. Space requirements for its four (4) quarterly general membership meetings.

Clubs with assigned space **shall** use that space for board meetings. Space allocations for social functions are limited to two (2) per calendar year including one (1) picnic, with a limit of five (5) ramadas. This space will be provided at no charge as long as the attendance is limited to the Club's members and their personal guests. All other requests for space, including changes, must be submitted in writing on the CR-14 (Facility Activity Reservation) signed by the Club President or the designated Officer or Manager and sent to the Recreation Activities Manager.

Note: The Association has the right to pre-empt chartered Clubs' reserved space as the Association requirements change. Although space is granted on a quasi-permanent basis, the facility remains the property of, and under the jurisdiction of, the Association.

5. Club Forms: To assist Clubs in the administration of their programs and to provide the Association with essential statistical data, forms are provided. All Club forms are identified by the prefix "CR". A summary of forms used by the Association to administer the Club program is shown in the Appendix. The Recreation Activities Manager's office maintains a limited supply of these forms. **Clubs are expected to make copies of the forms they need.**

6. Chartered Club Councils: When several Clubs have similar activities and/or share the same facilities, a Council may be formed to provide coordination. Each Club will have a representative on the Council. The formation of a Council must be reviewed by the Recreation Activities Manager and approved by the General Manager.

7. Chartered Club Record Retention Schedule:
 - ◇ Correspondence & Meeting Minutes – 3 years
 - ◇ Financial Records – 7 years (prior to current year)
 - ◇ Daily Attendance forms – Current & prior year
 - ◇ Charter Approval, and Federal Tax ID number – Life of the Club.

Chapter 2

Establishing a Chartered Club

1. General: Any group of Recreation Center Card Holders who have joined together in the pursuit of a particular recreational, social or leisure interest, and wish to form a Chartered Club, may request information regarding the Association's RR&Ps for Chartered Clubs. This information is available at the office of the Recreation Activities Manager. Proper coordination between the Association and a prospective Club is essential to ensure that the requirements for a Charter are fully satisfied, that member strength and interest is sufficient to warrant the formation of a Club, and that adequate space is available for the intended Club activities.

2. Charter: A Club Charter is the formal authorization granting official status to a Club in the Association. Clubs having such designation are given priority for facility use, offered regular use of facilities (as available), and authorized use of facilities for regular meeting/activity use. Chartered Clubs are provided a retail sales outlet at the Village Store to generate revenue to help support Club activities (see Chapter 5). Chartered Clubs with fixed equipment, or portable equipment with an acquisition cost of \$300 or more, are extended insurance coverage as ownership of the equipment is formally transferred to the Association (see Chapter 4, Section 3, on Insurance).
 - a. The granting of a Charter is based on membership need for a program, membership interest as determined by a pre-designated minimum number of active participants, and the availability of adequate space.

 - b. A Charter will not be granted to a Club which requires membership in affiliated national, state, or regional organizations as a condition for membership. Any affiliation in a national, state, or regional organization must be optional on the part of the individual member. Further, Chartered Clubs may not merge with a non-Association entity, nor require its member's mandatory involvement with and/or membership in a corporation separate and distinct from the Association or its Chartered Clubs, with the exception of organizations used to determine golf handicaps. If such a merger occurs, the Club's Charter is subject to revocation.

Approved 01/25/01
Approved 12/18/00

- c. Membership in Chartered Clubs must be open to all bona fide members of the Association without discrimination as to race, religion, color, ethnic culture, or national heritage. A Charter will not be granted to any group which sets a restrictive precondition for membership; a Club formed for a group of people of a specific nationality, state, religion, political association/affiliation, or a Club whose name refers to specific groups, such as “The Arizona State Club,” “The American-English Club,” or “Club USA.”

Note: The formation of desirable segregated activities for male and female members of the Association may be permitted as long as both genders are provided equitable opportunity to pursue common interests; e.g., women’s or men’s Clubs.

- d. A Charter may be revoked on the recommendation of the General Manager, and with approval of the Governing Board. Reasons for revoking a Club’s Charter include, but are not limited to, membership declines below minimum number, noncompliance with the Association’s rules and policies; irreconcilable conflict among Club members, creating activities that projects the Club and/or the Association in an undesirable or embarrassing position, or violation of Federal, State, or local government statutes and ordinances. Revocation of a Club Charter may be appealed by providing written justification to the Governing Board within 14 business days of the revocation notice. The Governing Board will provide a written notice of their final decision within 30 business days after receiving the appeal.
- e. A Charter will not be granted to groups whose purpose is the same as an existing Club, excluding women’s or men’s clubs as previously noted.

3. Procedure for Making an application for Club Charter:

- a. Step 1 – Review a copy of the “RR&PS for Chartered Clubs.” A copy of this manual may be signed out on loan from the Recreation Activities Manager.

Step 2 – Complete FormCR-1 (application for Charter). Non-craft Clubs require a minimum of 75 valid paid-up members; craft Clubs require a minimum of 50 valid paid-up members. Prospective Clubs must obtain the necessary signatures on the initial Form CR-2 (Membership Roster). A deposit in the amount of the required paid-up dues must accompany the application request. Said deposit shall be returned to the Club on the granting or denial of the Charter.

- 1) Develop a proposed set of Club Bylaws using the format provided in Form CR-3 (Sample Bylaws).

Note: Some Bylaw provisions are **mandatory** clauses, including some **verbatim** clauses, while others are optional and depend entirely on the extent of operating detail required by the Club.

- 2) Following review and documented approval (in Club minutes) by the initial Club membership, submit the initial Form CR-2 (Membership Roster) and the proposed Bylaws attached to the Form CR-1 (Application for Charter) to the address below:

Recreation Centers of Sun City West, Inc.
Attn: Recreation Activities Manager
19803 R.H. Johnson Blvd.
Sun City West, AZ 85375-4498

Step 3 – The Recreation Activities Manager will review the application package to ensure all elements are complete.

Step 4 – When all requirements have been met, the application package will be forwarded to the General Manager with a recommendation by the Recreation Activities Manager to approve or disapprove the request for Charter. If approved, a copy the “RR&Ps for Chartered Clubs” will be included with the Charter notification. If disapproved, the Club will be provided with a written explanation from the General Manager. The General Manager will advise the Governing Board regarding his actions.

- b. Upon receiving a Charter, the Club must apply for a Federal Employer Identification number (Tax ID) by completing and filing IRS form SS-4. a copy of the form along with the newly assigned ID number must be submitted to the Recreation Activities Manager. Tax forms are available by calling 1-800-829-3676 or on-line at www.irs.gov/forms_pubs/lists

4. **Club File:** The official Club file will be kept by the office of the Recreation Activities Manager. The file will be organized as follows:

- a. Section I – Form CR-1 (Application for Charter) with the initial Form CR-2 (Membership Roster).
- b. Section II – Charter, approved Bylaws and Amendments (as applicable).
Note: In case of conflict between the Association’s files and Club files, dated and signed Association’s file copies will take precedence over any other versions.

Chapter 3

Membership and Operation

1. Membership:
 - a. Club Membership: Club Membership is open only to those issued a current Owner Member card, Associate Member card, or Tenant Activity card. Clubs may have only one type of membership. Each Club member has equal rights, responsibilities and obligations. This includes equal membership dues.¹
 - b. Prospective Members: Before joining a Chartered Club, prospective members are encouraged to visit the Club a limited number of times. After Club hospitality has been experienced, and Club operations and programs have been explained and understood, a Club must require the individual to join the Club to continue participating in its activities.
 - c. Honorary Membership: Clubs may no longer grant honorary memberships. An honorary member is one who had performed a service for the benefit of the Club without payment. Honorary members do not have the right to use Club facilities.
 - d. Lifetime Membership: Clubs may no longer grant Lifetime memberships. A Lifetime membership is an award that had been given to a Club member in appreciation of past services to the Club. Previous Lifetime memberships shall henceforth be treated the same as Honorary membership.
 - e. Membership Validation: The Club Board initiates periodic (at least annual) reviews of the Club membership to ensure that all its members are valid Recreation Centers Card Holders.
 - f. Membership Report (Form CR-15): A membership list (which contains each member's name and Recreation Card number), including identification of all Honorary and Lifetime members, as of December 31, must be submitted to the office of the Recreation Activities Manager by February 1 of the following year.
 - g. Member Conduct: Members who are abusive, blatantly create turmoil, disruption, or dissension among Club members, Clubs or the Association

¹ This shall become effective for all memberships started or renewed after June 30, 2000.

in general, may have their Club membership temporarily suspended (up to Two (2) weeks) by the Club. Written notice regarding the reasons for a temporary suspension shall be provided to the Recreation Activities Manager within two (2) business days of the temporary suspensions. Termination of a Club membership can only occur following a recommendation from the General Manager, for the approval of the Governing Board. Severe cases of adverse behavior, as described above, may be a cause for suspension of Association membership rights and privileges. Any suspension or termination of Club membership or Association rights and privileges may be appealed to the Governing Board using the same procedure as described in Chapter 2, Paragraph 2d.

2. Club Guests: Clubs exist for the benefit of their members. A member may wish to share the Club experience with an occasional guest. The term “occasional” shall be defined in each Club’s Bylaws. It is the responsibility of the Club to determine in their Bylaws if a guest may participate in their Club’s instructional classes.
 - a. Recreation Card Holder Guest: A resident guest(s) is a resident of Sun City West with a current Recreation Centers’ card, who has not formally joined that Club, but is qualified to do so.
 - b. Non Recreation Card Holder Guest: A person(s) who does not possess an owner member, associate member or tenant activity card who is occasionally invited to participate in Chartered Club Programs by a Chartered Club Member. The Chartered Club member must accompany this category of guest when using the Club facility. It is the responsibility of the officers of the Chartered Clubs and their members to see that such invitations are not abused. See appendix Documents/references page ix & x.
 - c. Special Event or Tournament Guests: Club Presidents **must** forward a written request on Form CR-11 (Special Event or Tournament Request with Non Recreation Card Holder) to the Recreation Activities Manager to obtain approval for the event. Clubs will pay the Association the expense of any extra labor and material that may be needed for that event, as established by the Governing Board.
 - d. Recreation – Sports: See appendix documents/reference pages vii & viii

3. Use of Facilities:

- a. Club Membership: While all facilities and programs within the physical confines of the Association are available to the general membership, regular participation in some activities may be contingent upon membership in a Chartered Club. In these specific cases, the Association has delegated full-time operating responsibility to respective Clubs in a conscious effort to provide low-cost programs in a safe environment. In those facilities where participation is contingent upon Club membership, the rationale is based on the need to provide a safe and orderly workplace. The purpose is to establish a comprehensive leisure program and protect the Members, the Association and Club-purchased assets.
- b. Participation Data: All Clubs shall provide monthly participation figures to the Recreation Activities Manager's office relating to their Club's activities. This report is due by the second Monday of the following month. Use Form CR-4 (Monthly Participation Report) for submitting this information. Form CR-4 is used by the Association's management to evaluate the need to sustain Club Charters, (based on member participation) or justify changes in facility allocation. Failure to comply may jeopardize the Club's Charter.

4. Safety, Supervision and Program:

- a. Safety Precautions: To ensure everyone's safety there must be a monitor and Club member (or at least two (2) Club members) on site whenever any Club is utilizing any Recreation Facility. At no time will any electrical or gas operated equipment (such as kilns, etc.) be energized and left unattended.
- b. Club Monitor: During all operating hours, a monitor must be provided by the Club to ensure that established operating procedures are followed. If a facility includes more than one room, or the basic room is too large for one monitor to properly oversee, additional monitors must be provided. The monitor shall verify that each person is qualified to participate in the Club's activities before they are allowed to enter. THE CLUB OFFICERS WILL ENSURE THAT MEMBERS SIGN IN EACH PARTICIPATING GUEST ACCOMPANYING THE MEMBER. In the event a monitor is not present and performing the duties as required, the Club facility shall be closed.

- c. Open Work Time: All Arts & Crafts Clubs shall schedule their operating time to allow for a minimum of 25 percent to be used by their Club membership for open workshop/general use time. This time will not be hindered by meetings, instructional classes, or other planned courses, and must be under the direction of a Club monitor. If membership demand for equipment warrants, monitors should enforce Club-designated time limits for the use of equipment to maximize member participation.
- d. Club Bylaws and Written Operating Rules: Bylaws must be readily available to Club members and guests. Operating rules (as applicable) must be conspicuously posted.
- e. Hours of Operation: Clubs entrusted with full-time use of a facility will post the scheduled operating hours of that facility, visible from the outside. The format for this schedule will be standardized throughout the Association's facilities, and the sign can be obtained by submitting a written request to the Recreation Activities Manager.
- f. Commercial Advertising: Clubs shall not advertise for non-member participants in public media to avoid the appearance of a commercial operation or solicitation. Internal Club newsletters or flyers must state, "For Club Members and Their Invited Guests Only." Posting of flyers or notices on windows and doors of the Association Facility is prohibited.
 - 1) Instructors performing services held in Recreation Centers of SCW facilities shall not advertise these services. The Club president is responsible for submitting all promotional and advertising material to the office of the Recreation Activities Manager for approval prior to its placement. Such advertising must state that activities are open **only** to all members of the Association.
 - 2) The office of the Recreation Activities Manager will accept flyers for distribution to all centers. Publicity flyers may help the Club increase membership or announce an upcoming program.
- g. Election/Appointment of Officers and Managers: Clubs must have, as a minimum, a President, a Vice-President, a Secretary and a Treasurer in order to retain their Charter. All Club members are eligible to be officers. No Club officers, past or present, shall receive compensation of any kind for their services. The Board must be elected by a majority vote of the Club's membership at the Club's annual meeting after a quorum is established. However, if appointed to fill a vacancy, the appointee must be confirmed by a majority vote of the Board of Directors.

As new officers are elected or appointed, Clubs will complete Form CR-5 (New Club Officers and Rules, Regulations and Procedures for Chartered Clubs Affirmation Report), and forward it to the Recreation Activities Manager within 14 business days after election or appointment.

- h. Business Communications: Any Club matter requiring action on the part of the Association's management will be referred, in writing, to the Recreation Activities Manager. "Clubs' mailing lists, similar documents or other lists derived from any Clubs' documents, either physical or electronic, shall be used only for distribution of Club Newsletters or other official Club business. Club's membership rosters shall not be sold or used for any type of non-Club solicitation.

- i. Safety Program: Any Club using power equipment and/or hand tools must establish written safety rules and appoint a Safety Committee to oversee and enforce the program. A copy of the Club's recommended safety rules must be forwarded to the Recreation Activities Manager for review and subsequent approval. Clubs are responsible for providing the Association with written notice of any changes subsequently made to safety rules or equipment. At a minimum, the written rules will delineate the safe operating policies for all equipment, and identify safety awareness signs and accessory equipment required for the work area, i.e., safety goggles. If an individual cannot or will not comply with the stated operating procedures or, in the judgment of the Club's Board, cannot safely operate power equipment, the Board may suspend all or part of his or her privileges relating to the use of said equipment. Before making such a decision, however, Clubs should make every effort to provide additional training instruction in hopes of re-qualifying an individual. In most cases, a suspension of operating privileges will not be considered disciplinary in nature, and will only be activated to protect the best interests of the individual, the Club and the Association. Any suspension of privileges based on safety concerns may be appealed to the Recreation Activities Manager. In such matters the decision of the Recreation Activities Manager will be final. An appeal may be submitted in writing within seven (7) business days of the suspension notification. The Recreation Activities Manager will render a decision in writing within fourteen (14) business days of receiving the appeal.

- 1) Accident/Incident/Injury: Any accident/incident/injury occurring in the Association's facilities (and those requiring medical attention) **shall** be reported to the Facility Supervisor within 24 hours, using Form RC 20-5 (Accident/Incident/Injury Report. Club Monitors will be responsible for

documenting pertinent details of an incident in the Club's logs. Club Officers will be responsible for submitting Form RC 20-5 to the Facility Supervisor who will forward it to the office of the Recreation Activities Manager.

- 2) **Club Monitors:** These individuals are given the responsibility of supervising a facility and the use of equipment within that facility. Monitors have the authority to deny the use of equipment to any individual who in their judgment is either unable or unwilling to abide by stated safety rules. Club officers will ensure that monitors are qualified in the use of shop equipment and properly trained in related safety awareness measures.

- j. **Smoking Policy:** Smoking is not permitted in any indoor area of any building owned, operated or maintained by the Association. Also, smoking is not permitted within fenced-in areas surrounding Association pools. The Governing Board also reserves the right to designate outside areas in which smoking will not be permitted.

- k. **Professional Counsel:** Since Clubs are chartered under the auspices of the Association, Clubs are not authorized to engage a professional counsel for tax matters, legal issues, or financial practices without obtaining advance written approval from the Recreation Activities Manager.

- l. **Alcoholic Beverages:** **The sale of alcoholic beverages is prohibited in all of the Association's facilities, except those displaying Arizona State Licenses. As a matter of convenience, the Association will allow Chartered Clubs to transport and dispense (not sell in any form; e.g., cash or prepaid tickets) alcoholic beverages on the Association's property during Club sponsored functions. However, this authorization clearly stipulates that the control and liability provisos of Arizona Legal statutes pertaining to the consumption and transport of alcoholic beverages, are solely the responsibility of the Club. The Association neither condones, nor sponsors the consumption or transport of alcoholic beverages during Club functions, unless those Club functions are conducted in an Association's Licensed facility (beer & wine) with the Association's employees serving and dispensing the alcoholic beverages.**

5. **Facility Scheduling:**

- a. **Responsibility:** The primary responsibility for scheduling the Association's facilities and coordinating special events rests with the Recreation Activities Manager's office. Extensive and precise

coordination is required among Chartered Clubs, the Association's members, and non-affiliated community groups who request use of the Association's facilities. Once a facility reservation has been confirmed, coordination is required among the Recreation Activities Manager, Facility Supervisors, the Maintenance Department, and Accounts Receivable Section, to ensure that building utilities, functional setup requirements, and billing procedures (if applicable) are met in a timely manner.

b. Facility Reservations:

- 1) Regular Facility Use: Chartered Clubs must submit a Form CR-6 (Club Activity Calendar) to the Facility Scheduling Office by May 15 for the following year (January 1 – December 31). The CR-6 will identify regularly scheduled Club activities and meetings. The term "regular" is defined to mean the general membership and board meetings that are consistently held on the same day(s) of the week/month/quarter throughout the calendar year. It does not include Club committees or other sub-elements of a Chartered Club.
 - a. Once reviewed and approved, Club schedules will be entered in the Association's scheduling computer on a Facility Master Calendar. Unless a subsequent change occurs, there is no requirement for additional submittals. The Facility Master Calendar is the "hub" around which remaining facility space is determined and, subsequently all additional facility allocations are derived.
 - b. Based on facility availability, Clubs may request a change to their regular schedule at any time by submitting an updated CR-6.
- 2) Special Event or Tournament (CR-11): The Club President shall make a written request on Form CR-11 for all Special Events or Tournaments to the Recreation Activities Manager for approval. As established by the Governing Board Clubs will pay the expense of any extra labor and material that may be needed for the event. No disbursements may be made from "unbanked" monies. All monies received as a result of any/all events must be collected by the Club's Treasurer and **immediately** deposited in the Club's bank account.
- 3) A Form CR-14 (Facility Reservation Request) will be submitted to the Recreation Activities Manager's office for each facility space reserved, and the event will also be entered on the Facility Master Calendar.
 - a. In case of a conflict in requests from two (2) different eligible users, the Recreation Activities Manager will decide how to resolve the conflict.

- b. The Association's membership and related Chartered Clubs will receive priority over non-chartered clubs, residents or organizations in accordance with Association Policy Fa 6.
 - c. When a rental fee is applicable for use of a facility by a Chartered Club, a Form CR-14A (Facility Reservation Confirmation Agreement) will be completed at the time of the request. Pertinent reservation information is recorded and kept on file.
6. Chartered Club Meetings:
- a. There will be a general membership meeting conducted during each quarter of the calendar year. If assigned Club space is adequate to accommodate general membership meetings, it shall be used.
 - b. The Club's Board will meet as needed to ensure Club business is kept current. If assigned Club space is adequate to accommodate board meetings, it shall be used.
 - c. Each Spring and Fall, the Recreation Activities Manager and Governing Board representatives will meet with the Chartered Club's Officers. The purpose of these meetings is to update policies, clarify procedures, and discuss mutual concerns. These meetings are important to each Club. Club representation is **mandatory** to sustain the Club's Charter.

Chapter 4 Financial

1. Internal Revenue Service (IRS) Requirements:
 - a. If a Chartered Club generates annual gross receipts of \$25,000 or more from all sources during the preceding annual accounting period it shall file a Federal Tax Return (IRS Form 990 or 990EZ) and Arizona State Form 99. After filing tax returns, a signed copy of each return shall be provided to the office of the Recreation Activities Manager. Internal Revenue Service requires Form 990 or 990EZ to be filed by the fifteenth (15th) day of the fifth (5th) month after the organization's accounting period ends. In addition, the Club must apply for Tax Exemption by filing IRS Package 1024 and request Arizona State exemption, if the Club has not already obtained a Tax Exempt Status. A copy of each exemption will be provided to the office of the Recreation Activities Manager.

Note: Gross receipts means the gross amount received by the organization during its annual accounting period from all sources without reduction for any costs or expenses.
 - b. If a Club has paid an Independent Contractor for services during the calendar year, the Internal Revenue Service (IRS), requires Form 1099 MISC to be filed for each Contractor exceeding a specified dollar amount (currently \$600 for the calendar year). Copy B of the 1099 MISC must be furnished to the Contractor (recipient) by January 31. However, this date may vary from year to year, from January 31 to February 2. Review the back of the current year Form 1099 MISC to determine the due date for that year. A single Annual Summary and Transmittal (Form 1096) shall be used to summarize all of the 1099 MISC forms issued for the calendar year and to submit them together to the IRS and Arizona Department of Revenue before the due date indicated on the back of the current year form (between February 28 and March 2). A copy of each Form 1099 MISC and 1096 filed must be provided to the office of the Recreation Activities Manager.
 - c. Failure to comply with IRS and/or Arizona Department of Revenue requirements can result in sever penalties to both the Clubs and the Association. **Noncompliance could result in revocation of the Club's Charter.**
 - d. Failure to file the annual information return or filing an incomplete return is subject of penalty under IRS 6652 (c) (1) (a). a penalty of \$20 per day is imposed for failure to file. The maximum penalty is the lesser of \$10,000 or five (5) percent of gross receipts for the year.

- e. Copies of all forms and correspondence with the IRS and the Arizona Department of Revenue **must** be provided to the office of the Recreation Activities Manager.
- f. Clubs are responsible for obtaining forms, and the instructions to complete and file them from the proper agencies. To obtain instructions and forms from the IRS, call 1-800-TAX-FORM (1-800-829-3676). To order from the Arizona Department of Revenue, call 602-542-4260 or on-line at www.irs.gov/forms_pubs/lists.

2. Taxes and Tax Status:

- a. The Association and the Chartered Clubs are legally constituted nonprofit organizations. As a result, they incur certain tax responsibilities and derive certain tax advantages. While sale activity is authorized within a nonprofit organization, the amount is solely to support internal operating needs, and to provide a convenient service to its membership.
- b. Any taxes engendered by admission, entry fees, or consumable sales, etc., are the responsibility of the Chartered Clubs. Failure to properly collect and report taxes, or circumvention of sale activity allowances, may result in loss of nonprofit status and will jeopardize the Club's Charter.
- c. In terms of State sales tax, the Village Store applies the required percentage to all items sold and compensates the State accordingly.
- d. When purchasing supplies for its members, the Club pays the applicable sales tax. Since these supplies are defined as "Consumable, " subsequent distribution to Club Members is handled on a cost recovery basis. This recovery procedure may include some markup to recover expenses incurred by the Club during the purchase and distribution, but not to make a substantial profit.
- e. Regarding the crafts (crafted items) sold at the Village Store, the crafts are held on consignment and, are therefore, not the property of the Village Store. As such, the individual Club member is selling his/hers crafts to the Village Store customers. The purchase of the craft by a customer is then merely a sale by the individual Club member, with the store serving as the facilitator. The customer is not making payment in the course of trade or business and therefore, the issuance of a Form 1099 MISC is not required.

3. Insurance: The Association carries both property and General Liability Insurance coverage for the normal activities associated with the operation of the Association's facilities. Property and liability insurance coverage is extended to the Chartered Clubs while engaged in Club activities within the community of Sun City West. Property coverage is subject to a deductible of one thousand dollars (\$1,000) per claim, which may be the Club's responsibility, and covers only property that is on the Club's Equipment Inventory on file with the Association's Accounting Office. (see Paragraph 6b. of this Chapter)
 - a. Association coverage does not apply to Club activities outside the community. Clubs (and their members) are advised to obtain their own insurance coverage.
 - b. Individual member's personal property is not covered under the Association's policy. Members should review their own Homeowner's Policy with their agent or broker for this coverage. The Association's owned property used by the Clubs is covered by the Association Insurance subject to a \$1,000 deductible provision.
 - c. While the Association has Fidelity Coverage regarding the acts of its employees and trustees, the coverage is extended to the Chartered Club's activities subject to a \$1,000 deductible with a limit of \$10,000. Should this deductible fidelity exposure be a concern to any Club, the concerned Club may obtain its own coverage.
4. Accountability and Records:
 - a. Treasurer: All Clubs must have a Treasurer who is responsible for properly recording all Club revenues and expenses. The Treasurer will also oversee the purchasing of all fixed and non-fixed assets, equipment, material and supply inventories, and the sale of supplies, unless otherwise designated in the Club Bylaws. Depending on the authorization limits set by the Club's Bylaws, the President, or other board members may be designated as a secondary signatory. The Treasurer shall issue a quarterly report to be presented at the General Membership meetings. Clubs should adopt a format similar to CR-7.
 - b. Records and Policies:
 - 1) Operating Procedures: Club Bylaws and operating instructions shall identify the necessary prerequisites to effect basic financial transactions. The following are required:

- a. A check and balance procedure precluding a single individual from ordering, receiving, stocking, and dispersing resale merchandise.
 - b. A cash control procedure which requires dual signatures on the Club's checks over a designated dollar limit as provided for in the Club's Bylaws.
 - c. A requirement to semi-annually inventory Club materials and fixed assets, reconcile the results to source documents, and report findings to the Club's membership.
 - d. An accounting of all monies received, including fees for special events such as social or competitive events, which must be deposited in a Club's bank account and duly recorded. No disbursements shall be made from "unbanked" monies. All disbursements shall be made by a Club check or from an established petty cash fund, with backup documentation including invoices or signed receipts as applicable. Individual petty cash disbursements shall not exceed fifteen (\$15) dollars.
 - e. All sale items received by the Village Store from Clubs (representing their members) are accepted on a consignment basis only. Refer to Chapter five (5) for a detailed description of procedures relating to retail sales.
 - f. Bank Accounts: All bank accounts shall be in the name of the Club and continue through succeeding administrations.
 - g. Financial Records: All financial transactions (defined as all movement of funds through the Club's account) shall be recorded in the Treasurer's records, and all such records must be retained by the Club Treasurer for a period of seven (7) years (prior to current year).
- 2) Annual Financial Statement: Clubs are required to submit Form CR-7 (Annual Financial Statement) to the office of the Recreation Activities Manager by February 1 for the preceding calendar year. Failure to comply with this date will result in temporary closure of the Club's facility or access to Association facilities. This annual report shall be signed by a Club-appointed individual who is independent of the Club's Board and who has sufficient financial skills to provide a certification of accounts and records as outlined in 4.b.(1) (a) through (g) this Chapter.

The office of the Recreation Activities Manager will subsequently arrange for appropriate management review. A copy of the Club's November and December bank statement will be attached to Form CR-7. (A bank statement must be reconciled as of December 31.) This report is comprised of two (2) sections; an Income and Expense (I&E) Statement and a Balance Sheet. The Income & Expense section provides data on;

1) all income generated and deposited in Club's bank account(s) such as; sales of supplies, dues, contributions/gifts (received), instructional charges collected, registration fees, admission charges from events, ticket sales for Club activities, etc. 2) all expenses relating to operations, instructional fees, registration fees, entertainment and miscellaneous expenses. A specific statement is to be made regarding netting out income and expenses as part of the Annual Financial Report. Chartered Clubs may hire or contract an advisor involving financial or legal matters with the consent of the Recreation Activities Manager.

c. Contributions/Donations/Scholarships/Grants: Under certain conditions, the tax-exempt Clubs chartered by the Recreation Centers of Sun City West, Inc. can make charitable contributions. A Chartered Club that wishes to engage in that activity will be required to;

- 1) Notify IRS they wish to engage in the activity not previously reported in information to obtain a tax exempt status,
- 2) A Club Bylaw change will be required to indicate such activity of the Club and a copy of the change to the IRS,
- 3) A dedicated fund shall be established with separate books and accounts. No funds or accounts can be commingled, and
- 4) No disbursements shall be made from the fund for the benefit of Club members (Section 512(a)(3)(B) of the Internal Revenue Code).

If a Chartered Club wishes to pursue this type of activity, the Recreation centers will assist in giving all the necessary information for the application.

Note: Unless these certain conditions are met, no contributions, donations, scholarships or grants can be made by any tax-exempt Club chartered by the Recreation Centers of Sun City West, Inc.

d. Chartered Club Fund Raisers: A Chartered Club can have a separate fund raiser by advising its members of their intent and charity. All contributions must be voluntary and placed in a container with no Club funds involved.

The total in the container must be turned over to the designated charity. If a Club undertakes this type of endeavor, a statement must be posted conspicuously advising the donors that their contributions are not tax deductible.

- e. Bank Accounts: Accounts should not exceed the amounts considered prudent to fulfill the Association's goals of, "providing for the recreational, social and leisure interests of their members." **CLUBS AND THEIR INDIVIDUAL MEMBERS SHALL NOT HAVE PROFIT AS A GOAL.** At no time, shall the operating fund balance exceed fifty (50) percent of the reasonably anticipated expenses for the current year. Due to the time periods in which the annual membership dues are collected by some Clubs, the bank accounts may rise above the maximum amounts. In such cases, those Clubs will be allowed ninety (90) days to make the necessary disbursements to return within the limit. If the operating fund balance combined with CD's and other similar investments exceeds this maximum balance, the surplus shall be transferred to the Association's Facility Reserve Fund. If a Club, due to its size, requires an account in excess of the limit, it must be reviewed and approved by the Recreation Activities Manager.
- f. Club Equipment Reserve Fund: Most Clubs will need to establish an Equipment Reserve Fund for the future repair and replacement of the present equipment. It is recommended that an amount equal to ten (10) percent of the original value of the Club's equipment (see b. in this Chapter) be maintained in this reserve or at least enough to replace the most expensive item of equipment.
- g. Government Requirements:
 - 1) Clubs are responsible for filing the correct tax forms and reports required by the Association's 501-C-4 status and any other applicable Tax Exempt Codes to the proper government agency.
 - 2) Any income to tax exempt Clubs from sources outside of its membership must be identified as such in Club records.

Note: Copies of all correspondence sent to or received from governmental agencies (City, County, State or Federal) by a Club must be filed with the office of the Recreation Activities Manager.

5. Contracts: Depending on program difficulty, the skill level of participants, and the availability of instructors, the provision of qualified program instruction to a membership is an acknowledged part of a Club's intended purpose. The Association encourages Clubs to pursue instructional classes for their membership, but to remain sensitive to reasonably priced class registration fees. In keeping with these RR&Ps, an individual or group of individuals who are paid by a Club to perform services must be engaged by written contract (Form CR-8, Independent Contractors Agreement or a CR-8A, Independent Contractors Members Agreement) and signed by the Contractor and Club President. Services provided by other Chartered Clubs are not subject to this provision. A copy to each signed contract shall be forwarded to the office of the Recreation Activities Manager. Examples of contract services are: Dance Bands, Instructors, Bridge Directors, Dance Callers, Lecturers, Entertainers, or any other similar service provider. Form CR-8 will not be required for food catering services.
- a. A Club shall not employ anyone, including a Club member. An employer would be required to carry Workers' Compensation Insurance and to withhold Social Security and Income Taxes. Failure to comply with the above instructions may create a liability beyond the scope of the Association's insurance coverage. Noncompliance may be cause for revoking the Club's Charter.
 - b. For a person or organization, who is not a Contractor but a Club invitee, the Association may exercise its right to require a Club's invitee to hold harmless the Association and to provide a certificate of insurance for such insurance coverage as may be required of the invitee by the Association. An example could be an event in which a Club has received prior Association approval or competition.
 - c. All monies collected for the "Independent Contractor Services" shall be paid to the Club Treasurer and deposited into the Club's account. The Treasurer pays the Contractor the contract fee by check.
 - d. In publicizing instructional classes, Clubs should ensure widest dissemination to allow all its members a fair and equitable opportunity to register. When a class waiting list is established, members may repeat the class only by adding their name to the end of the waiting list. Clubs will establish procedures which offer a full range of instructional activity and, subsequently, ensure that each member has a reasonably fair chance of participating.

- e. If a series of lessons is required to complete a course, Clubs are authorized to allow registrants to progress throughout the full lesson series. Once the series has been completed, members may repeat the series by adding their name to the end of the waiting list.
 - f. A Club Board shall have the responsibility for determining instructional program needs, the qualifications of instructors, and class schedules. In addition, only Club officers are authorized to negotiate class fees and effect contractual relationships with the concurrence of their Board.
 - g. While non-Association personnel may be used, Clubs are encouraged to seek instructors from within their membership.
 - h. Clubs will not issue refunds to its members (for contracted services) without first obtaining approval of the respective contractor.
 - i. Club member(s) may be dismissed from a class by the Club's Board upon recommendation of the Contractor. In such cases, the Club Board and the Contractor will determine whether or not a refund shall be given.
 - j. A Contractor cannot be dismissed during the period of a contract unless clearly defined cause can be determined. Clubs failing to sustain this provision may find themselves financially liable to a Contractor, with the possibility of litigation.
 - k. An officer of a Club may not be contracted as a paid Independent Contractor to the Club in which he/she belongs, unless it is determined by the Club's Board that another qualified person cannot be reasonably secured.
 - l. Private individual instruction (where monetary compensation is involved) in the Association's facilities is prohibited unless sponsored and supervised by a Chartered Club, or authorized by the Association. Regardless of sponsorship, or the element of compensation, instruction (private or otherwise) will not be given during times that would preclude other members from enjoying the facilities.
6. Property and Equipment:
- a. Background and Philosophy: Initially, the basic required inventory for Chartered Clubs was provided by the Association. As replacements and /or additional needs surfaced, Clubs purchased the required equipment.

and supplies from Club funds, or through non interest-bearing loans from the Association. Primarily because of liability insurance provisos, the ownership of all Club-purchased fixed equipment and portable equipment with a unit cost of \$300 or more is transferred to the Association immediately following acquisition. Physical possession and control of the equipment remains with the Club.

b. Inventories:

- 1) All Club equipment with a unit purchase price exceeding \$300 shall be inventoried each year during the month of December using the equipment Inventory List provided by the Association's Finance Department. A copy of the list will be retained in the Club's fixed asset inventory. Once the inventory has been completed and reconciled with related purchase and disposition documents, it shall be approved by the Club President, and the original submitted to the office of the Recreation Activities Manager no later than December 31. For the purpose of the Association Equipment Inventory List, only those items in the Club's assigned space, including portable items, with a unit price exceeding \$300 are to be included on the list.

Note: As an exception to the inventory rule just described, all tables and chairs assigned to and used by a Club will be shown and accounted for on the equipment inventory list.

- 2) If a Club desires to have items valued less than \$300 included under the Association's Property Insurance Coverage, they must maintain a Simplified Inventory Record for portable equipment, resale supplies, or any other asset category with significant value or that is easily pilfered. A copy of this inventory must be submitted to the office of the Recreation Activities Manager, along with the annual Equipment Inventory of items valued over \$300 in order to be included in the Association's Property Insurance Coverage. The requirement for the Simplified Inventory must be included in the Chartered Clubs' Bylaws. The items valued less than \$300 on the Simplified Inventory Record are subject to a \$1000 deductible, which is the Clubs' responsibility.

c. Repairs to Equipment and /or Facility:

- 1) All repairs to or replacement of a Club's equipment will be borne by the respective Club.
- 2) All facility repairs and maintenance must be done only by the Association staff. Club officers should notify the Facility Supervisor of the need for repairs on Form CR-12 (Request for Repair to Existing Facilities).

- 3) Requests for interior remodeling of existing Club quarters must be submitted to the office of the Recreation Activities Manager on Form CR-13 (Request for Interior Remodeling of Existing Club Quarters) for review, as per Policy Fa 1. It will be evaluated for program need and urgency within 60 days. If approved, Clubs will bear the cost of materials and labor. All labor will be performed or supervised by the Recreation centers' Maintenance Department.
- 4) Requests for additional space will be made as described in Governing Board Policy Statement Fa 1 (Alterations/Expansion of Facilities). Clubs may request a copy of the policy from the office of the Recreation Activities Manager.
- d. Loaned or Borrowed Equipment: The costs of any equipment loaned or borrowed from an outside source by a Club and brought on to the Association's property, will be borne by the Club. This expense includes any consideration for insurance coverage (property damage and/or liability). Clubs do not have the authority to loan or sell any equipment or supplies belonging to the Association without the written approval of the Recreation Activities Manager.
- e. Purchase of New Equipment: Clubs requesting authorization to purchase (new or replacement) portable equipment with an estimated unit cost of \$300 or more; or equipment (any value) which will be installed in or used on the Association premises; or any electrical equipment requiring other than normal 110-volt power sources must submit Form CR-10 (Request for Purchase of Equipment) to the office of the Recreation Activities Manager for review and approval prior to purchase. Processing Form Cr-10 will usually be completed within seven (7) business days of receipt of request. If more time is required to review the request, the Club will be notified of a new date. Once approved, and the item purchased, a copy of all purchase documentation must be forwarded to the office of the Recreation Activities Manager for processing. All purchase documents will be used to effect the ownership transfer of the item from Club to the Association and to create an inventory line item for accountability.
- 1) Trade-in of Equipment: With few exceptions, the trade-in of the Association's equipment will be allowed in conjunction with the purchase of a replacement item. Clubs desiring to use a trade-in item should identify appropriate facts and justification in writing (Form CR-10) and submit the request to the office of the Recreation Activities Manager for approval.

- 2) Sale of Equipment: Following review and written approval, Clubs may be authorized to sell inventory equipment when the monies derived will be used toward the purchase of new or replacement equipment. Sales will be conducted in a “sealed/closed bid” format; will be extended to the entire Club membership; and will be publicized for a minimum of ten (10) business days. In all cases, the sale item will carry a minimum acceptable bid price as determined by the Recreation Activities Manager. Following the sale and subsequent purchase of the new or replacement item, copies of all purchase documentation will be forwarded to the office of the Recreation Activities Manager for inventory accountability. The purchase documentation will also include a brief summary of the sale item disposition; e.g., number of bids received, sale price, name/address of buyer.

Note: If the monies derived from the sale of equipment are not to be used toward the purchase of new or replacement equipment, then all monies generated must be refunded to the Association and placed in the Facilities Reserve Fund.

7. Management Review: The Association reserves the right to review Club financial records and related documents. This review may be pre-scheduled, or unannounced. Any Club refusing to cooperate in a Management Review jeopardizes its Charter.
8. Club Dissolution: If for whatever reason, a Club disbands, or a Charter is revoked, all Club assets (monies and equipment) shall be transferred to the Association prior to formal dissolution, unless the Club has attained an IRS Tax Status 501-C-3. In such cases, The Recreation Activities Manager will assist Clubs in effecting dissolution. All Club incurred debts must be satisfied prior to the final dissolution.

Chapter 5

Sales Policies and Village Store

1. Philosophy: Arts and Crafts facilities are intended to be used by the Association's members for the express purpose of pursuing and encouraging those activities. Conversely, the use of these facilities is **NOT** intended to promote or enhance commercial gain. The sale of products or services in the Association's facilities for personal monetary gain is prohibited. **Further, any Club member who sells items made with Club equipment (except by consignment through the Village Store) will face suspension from the Club. Incidental sales to friends and relatives when they reimburse the member for the cost of materials is permissible.** The display and marketing of any products will be standardized in a manner that will project that type of "low key" sale image.
 - a. The Village Store: This Association activity is operated solely to provide Chartered Clubs a centralized sales location and a medium to promote arts and crafts activities. Only items consigned to the Village Store shall be authorized for sale on the Association's property.
 - 1) The Village Store will not accept articles for sale unless those items were made in a Club's assigned facility by a Club member in good standing and approved for display in the Village Store by a respective Club.
 - 2) Each Craft Club has a quality control responsibility to ensure that Club-made articles recommended for consignment to the Village Store are of sufficient quality to warrant public display. In this regard, each Club is reminded that the quality of merchandise displayed is a direct reflection on Club image.
 - 3) Items consigned to the Village Store will be displayed for a maximum of six (6) months. If not sold within that time, the item will be removed from the Village Store by the sponsoring Club. In an effort to maximize Club membership participation in the Village Store program, there will be no extensions granted to the six (6) month display limitation.
 - 4) An item consigned for sale to the Village Store remains the responsibility of its owner. The Village Store Manager will implement reasonable safeguards to prevent loss or damage. Neither the sponsoring Club nor the Association shall be held liable in the event of merchandise loss or damage.

- 5) Business cards give the appearance of commercial sponsorship and will, therefore, not be posted with any merchandise in the Village Store. Any individual desiring more information about an item will be referred to the sponsoring Club.
- b. Club Display Windows: Most Club facilities are equipped with at least one display window. This window is to be used to display merchandise and promote Club activities. All sale items displayed in shop windows will be consigned to the Village Store. This procedure will not only retain the Village Store concept as a centralized sales medium, but will greatly expand its visibility to the Association's membership. It will also promote Club growth by encouraging potential Club members and guests to visit Club facilities.
 - 1) A Club will provide the Village Store with a Consignment Form (RC 20-8a) whenever an item is put on display in its shop window. The form will be dated and will show item description, sale price, and name of the seller.
 - 2) Each Club will be provided with a sign to be posted in the Club's display windows which will read as follows:

The merchandise displayed here can be purchased through the Village Store. Interested parties should inquire at the Village Store regarding the items. Visitors care welcome to visit our shop, see our activity in progress, and ask about our Club's operation.

- 3) Clubs are not permitted to engage in direct merchandise sales without the written approval of the General Manager; i.e., all merchandise sales will be transacted through the Village Store.
- c. Pricing: Pricing of items for sale is the responsibility of the Club following input from the respective Club member. Procedures have been established in the Association Policy (Fi-14 – see Appendix), which states that amount of consignment fee due the Village Store. The percentage of return to the Club is negotiated between the Club and its member not to exceed ten (10) percent based on the Club's needs. Sales are reported by the Village Store Manager to the Association management.

- d. Procedures: Clubs will establish procedures to ensure that member opportunities to display merchandise for sale, as well as the number of items authorized for sale, are fair and equitable for the entire membership. Members should be reminded periodically that the sale program is authorized only under the Association's sponsorship, and is designed specifically to foster the membership growth and financial support needed by craft-related Clubs. Individual, or private selling of merchandise for the express purpose of generating personal monetary gain, is prohibited. Detailed Operating and Consignment Procedures are covered in Recreation Centers' Operating Instruction RCOI20-8. Q copy of RCOI 20-8 is maintained at the Village Store for review.
- e. Instructor-made Items: Instructor –made items will not be displayed for sale unless the instructor is a bona fide Club member. In such instances, Clubs will carefully review the number of items being offered for sale and the total sale time provided to an instructor. While instructor members should be afforded the same opportunities as other Club members, the duration of their display time and the number of items one person displays at one time should not give the appearance that commercial gain is a motivating factor.
- f. Special Projects: Clubs may accept commissions for special projects relating to the Association's members, or Sun City West community organizations. Clubs should carefully monitor this area to ensure that special projects do not outnumber Club member projects, or preclude Club members from using the facility and equipment, when desired.

2. Arts and Crafts:

- a. Clubs may sell supplies to members at reasonable rates as long as any profit derived is returned to the Club. Individual Club members are not allowed to engage in internal sale activities (including supplies) which result in personal monetary gain. Clubs are responsible for paying sales tax when purchasing supplies.
- b. Instructors (paid or otherwise) who sell supplies to members may do so only when authorized by a Chartered Club under written agreement. If such an arrangement is made between Club and instructor, The Club is responsible for defining guidelines to ensure that such income is controlled, documented, and properly distributed.
- c. Arts and Crafts supplies for sale may be displayed in the Club facilities as a convenience to members, but they will not be displayed openly to the general public; i.e., Village Store or Club display windows.
